

Prathamesh Nehete

Pune, Maharashtra — +91 9970210621 — prathameshnehet13@gmail.com

Career Objective

Motivated Computer Science Engineering student specializing in Cloud Computing, seeking internship opportunities in UI/UX Development and Web Development. Passionate about building real-world projects, problem-solving, and applying programming skills to innovative solutions.

Education

MIT ADT University, Pune

2024 – Present

Bachelor of Technology (B.Tech) in Computer Science Engineering (Cloud Computing)

CGPA: **8.55/10**

Relevant Coursework: DSA, Python, Object-Oriented Programming, Web Development, MySQL

Projects

Fake Note Detection System

Raspberry Pi, OpenCV

- Developed a counterfeit currency detection system using computer vision techniques.
- Implemented image processing algorithms for real-time note verification.

Student Marks Management System

Python, Web Technologies

- Built a web-based application for efficient student data storage and marks management.
- Improved accessibility and organization of academic records.

Smart Parking Management System

Computer Vision

- Designed an automated parking solution to optimize vehicle parking and space utilization.
- Enhanced parking efficiency through system automation.

Pothole Detection System

Computer Vision

- Developed a real-time pothole detection system using image recognition techniques.
- Focused on improving road safety and infrastructure monitoring.

Technical Skills

Programming Languages: Python, ASM
Web Technologies: HTML, CSS, JavaScript
Database: MySQL
Core Concepts: DSA, OOP, Problem Solving

Leadership & Teamwork

- Served as Project Lead for academic projects, managing team coordination and task distribution.
- Successfully led project teams to complete assignments within deadlines.
- Demonstrated teamwork, communication, and problem-solving abilities during development cycles.

Communication Skills

- Confident in presenting technical concepts and project ideas.
- Delivered presentations on academic projects and technical topics.
- Strong collaboration and teamwork skills.
